JOSIAH TURNER, Jr., EDITOR.

THE REPUBLIC DYING.

The Baltimore *Telegram* thinks, and not without reason, we fear, that the American Republic is slowly but certainly dying. It says:

"We are treading swiftly the old beaten path of downfall and decay. The history of the world teaches its saddest lessons in its record of the death of republics. Once dead, forever dead, is the mournful epitaph inscribed upon them all. We too are floundering along the same decline; we too are proving as every republic that preceded us has done, that popular government is a failure, and its brief culmination is either anarchy or despotism. Our fathers tried to render us exceptions, but in a passionate hour we forgot their precepts, we deteriorated in political morals and disregarded their wise and wholesome injunctions, and we have begun that march which never yet has been stayed, and which leads to inevitable ruin. No people who have preceded us, who have ever permitted their rights, their liberties in their government to be usurped or appropriated by either a one man power or an oligarchy, have ever proven themselves capable, competent or willing to regain them. Nor are we any better, any wiser, any more vigilant than those who have lived before us. We are indifferent to usurpation, we are misled, deceived and despoiled by a reckless and unscrupulous partisanship; we see our rights and liberties invaded and destroyed, and we shrink like cowards or crouch like slaves before the arm of lawless power. Soon even the name with which my chest ourselves and mock the truth will be exchanged for the proper one to describe our new form of government, and the American Republic will be remembered only among the eulogies of history."

There are some things so coolly impudent that we are compelled to notice them in a more pleasant vein than they deserve, and the call by Holden & Co., published in the *Standard* of the 26th, is of this character. Here are men who for two years have been plundering the coffers of the State, tyranizing over the people, and bringing dishonor upon the State and sinking themselves to the lowest depth of infamy, calling upon "*good*" citizens to join *them* in Convention! Some beings who have profited by the rascalities of the past, and some who dream of pelf for the future, will doubtless respond to the invitation. The State will have a good opportunity to count a large number of the prominent plunderers and expectant vampires who would continue in the road of ruin and disgrace, when that Convention shall meet. How many the *good* citizens of the State know with whom not to associate, for those thus assembled would be as unfit for the company of honesty, as fire damp for the vitality of the blood. Morality would perish in such an atmosphere, like the fragrant flowers of the Indies on the frozen plains of Siberia. The *good* citizens of North Carolina will no longer be led and deceived by such mountebanks. No longer will their liberty, their lives, and their honor be entrusted to such keeping. The voice of the *good* citizens in August will unseat most of them from the positions they have occupied, and if justice can reach those who merit it, she will consign to the cells of felons many who have brought such wide spread ruin upon the whole commonwealth.—*Wil. Journal.*

SLEEP AND DEATH.—"To live without fearing death," said Hufeland, is the only means of living happy and dying at a good old age. People who dread death seldom attain longevity. If death presents itself to us under a repulsive and terrifying aspect it is solely owing to our habits and prejudices having perverted our feelings. Montaigne justly said that it is the darkening the room, the faces full of grief and desolation, the moaning and crying, that make death terrific. Civilization, by investing death with the most lugubrious associations that it can conjure up, has also contributed to render it a hideous spectre. It is the reverse with the patient. In nine cases out of ten it is not only a relief, but almost a sense of voluptuousness. Sleep daily teaches us the reality of death. "Sleep and death are twins," said the poets of antiquity. Why, then, should we fear death, when we daily invoke its brother as a friend and a consolation? "Life," said Buffon, "begins to fail long before it is utterly gone." Why, then, should we dread the last moment, when we are prepared for its advent by so many other moments of a similar character? Death is as natural as life. Both come to us in the same way, without our consciousness, without our being able to determine the advent of either. No one knows the exact moment when he goes to sleep, none will know the exact moment of his death.—It is certain that death is generally a pleasurable feeling. Lucan used to say that life would be unsupportable to man if the gods had not hidden from him the happiness he would experience in dying. Tullius Marcellinus, Francis Suarez, and the philosopher La Mettrie, all spoke of the voluptuousness of their last moments. Such are the consolations which philosophy presents to timid minds, that dread death. We need not say what much higher and loftier consolations await the Christian who is firm and steadfast in his faith, and has before him the prospect of eternal life.

LIVE FOR A PURPOSE.—The secret of all success in life, of all greatness, nay, all happiness, is to live for a purpose. There are many persons always busy who yet have no great object in view. They flutter away their energies on a hundred things, and yet never accomplish anything because never giving their attention to only one thing.—They are like butterflies, flit from spot to spot, never gaining wealth; while the ant, who keeps to a certain circuit around her hole lays up stores for winter comfort.—Such persons are doomed to be dissatisfied in the end, if they are not sooner; for they find in the race of life they had been passed by all who had a purpose. It is not only the positive drones, therefore, but the busy idle that makes a blunder of life for the want of a purpose.

Senator Trumbull has a new house built upon the site of the old Capital Prison on the spot where Calhoun breathed his last, where Wirz perished from hanging, Mrs. Surratt was confined, and Mrs. Greenbrush and Belle Boyd lingered in prison.

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be ame infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN,

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE

KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to the other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MARCH 9, 1870.

THE INVESTIGATION.

The history of the Railroad appropriations made by our present Legislature; the issuing of the bonds; the failure on the part of the Legislature to provide any security for the proper application of them; the public rumors that eventually framed themselves into formal charges of a corrupt use of these bonds; the attempts made at the more recent sessions to investigate these alleged corruptions; the final repeal of all the appropriation acts on account of the palpable fact that many of the bonds were being misapplied and squandered without any hope of benefit to the State, are facts known to all persons at all posted in current affairs.

No one who has any regard for himself, or for his character as a man of common sense, will be found bold enough to stand up and say, there has been no fraud or misapplication in the management of the North Carolina railroad bonds. Every body believes—nay, knows, there has. So permanently fastened upon the public mind is this conviction, that the Legislature could not, if it had dared, resist the pressure of the popular demand for an investigation into these matters.

Hence, at an early day in the present Winter's session, movements were inaugurated for the investigation of charges of fraud that were become as familiar as household words—sincerely and honestly on the part of some; hypocritically on the part of others.

Those who were earnestly desirous of a full and fair investigation, were hampered and balked and retarded at every turn by those who, while pretending to desire the matter looked into, were at the same time, for reasons known to themselves and strongly suspected by the public, throwing every obstacle they could in the way of it. These things are known and these men's names are on record.

The idea of going into Committee of the Whole, by the House of Commons, though not considered the best plan for conducting the examinations, was the best that could be obtained at the time, and was accepted in lieu of some plan more feasible. Even at that time, an examination into the alleged frauds, would probably have resulted in the development of important facts; but parties most suspected, being unprepared, and fearing the result, took themselves beyond the reach of the Committee, and kept away until they could devise plans to meet the issue.

It will be remembered that the friends of investigation, at one time, by a sort of *coup de main*, got a resolution through the House to send a Committee to New York for the purpose of gathering information; but it was soon discovered by the pretenders that this would never do, and the resolution was rescinded before the Committee could start. These facts are well known and remembered.

After a lapse of some three months, it seems the plans have been matured to meet the investigation; Swepson and Littlefield return to the city, and the subject of investigation was again revived.—The Senate having appointed a Committee composed of gentlemen in whom the people had confidence, high hopes were entertained that the facts would be brought to light and the swindlers exposed.

But neither the people, nor the Senate Special Committee, nor the members of the Legislature at large, were aware of the *plan*. Every body seemed to think that Swepson and Littlefield had now come to give a full and satisfactory account of their respective stewardships. We mean every body but those admitted behind the curtain.

Gov. Bragg was at Warren Court at the time, and, hence, there was several days delay in calling these men before the Committee. In the meantime Swepson is summoned to visit his family at Haw River—he leaves, and that is the last certainly known of his whereabouts.

Now, Gen. Littlefield can go before the Committee of the Senate or the Committee of the Whole in the House, make his showing, leave the burden on Swepson, and the thing is over.

But what will the people think? We can guess very nearly what their verdict will be, in view of all the facts in the case. They will remember that in all the lobbying, and bribery and maneuvering as charged, to get the appropriations made, Littlefield was as prominent and active—nay, more so—as Swepson; hence they will conclude that, if Swepson is guilty, Littlefield is equally so. They will remember that when Gen. Littlefield succeeded as President of the Western North Carolina Railroad, if he did not receive the bonds and other assets of the Road from Swepson, he was bound, if he had not been implicated in the improper use of them, to make the fact known and stop, as soon as possible, their misapplication. The people will think this, and in our judgment their thoughts will be perfectly natural.

One thing, we believe, is admitted on all hands—the bonds of the Western Division of the Western N. C. Railroad, are out of place and unaccounted for; and further, that Swepson will be shown to be ostensibly accountable. Another thing, we think, is equally apparent, and that is that several guilty parties will thereby escape exposure if the plan succeeds.

A large number of members of the House have shown an honest purpose to have the charges of fraud, bribery and corruption fully investigated, and we hope they will persevere in their purpose, despite the opposition that is manifested and the obstacles thrown in the way. Let the examination proceed, steadily, patiently perseveringly. If Moore, of Chowan, Sinclair, French, Harris, of Wake, Seymour and the smaller fry, elect to continually bounce up to points of order, raising objections and otherwise retarding the progress of the examination, let them do it; they are making their own record and the people will judge them by their acts.

We know that there is a hypocritical cry, by some, about the *expense* of this proposed ing; but we believe the people would much sooner pay a good round sum to have the frauds and swindling that have been practiced, brought to light, than for a great many other things they have had to pay for.

They seem to be very willing that the people should pay to have themselves taxed, and legislative schemes perfected by which they are swindled out of their money, but they are horrified at the idea of the people having to pay to have the mischief exposed and punished. Truly it is hard, but it is a necessity.

The Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

TUESDAY, March 8, 1870.

A message was received from the Senate, transmitting various bills and resolutions; all of which were appropriately disposed of.

Mr. Hinnant for the Committee on Enrolment, reported a number of bills and resolutions as being correctly enrolled.

By Mr. Pou: A bill to construe section 478, C. C. P. Referred.

By Mr. Moore, of Chowan: A bill to provide for the publication of the laws. Referred.

By Mr. Harris, of Franklin: A bill to amend the law of chattels and mortgages. Referred.

[This bill provides for an exchange of certain bonds issued under authority of an act of Assembly, ratified February 16th, 1861.]

On motion of Mr. Durham, the House resolved itself into the Committee of the Whole.

Mr. Pou in the chair.

The Clerk read the proceedings of the Committee on yesterday.

After some little debate the minutes were adopted.

Mr. Ragland offered a resolution that the Committee dispense with the examination of Gen. Littlefield. Ruled out of order.

Mr. Ragland moved that the Committee rise. Lost.

Harris, of Wake, col., asked for the resolution under which the Committee was now sitting.

The Chairman replied that it could not be found.

Harris then said he wished the people to know that this Committee was acting without our authority.

Mr. Durham said that his question propounded yesterday to the witness, as to whether he knew of anything of a note payable to John Smith or James Smith, purporting to be signed by him, (the witness) had been evaded, therefore, he wished a direct answer now.

Mr. D. then propounded the same question.

Mr. Littlefield returned the same answer, and in doing so said he could make no other unless the question was put in a more definite shape.

Question by Mr. Durham. Did you on or about Dec. 1868 give your note to Jos. Smith for $3,000, payable one day after date.

Mr. Sinclair objected to the question, unless the note was produced; he denied the existence of the note.

After some debate the question was allowed.

Answer. I do not recollect.

A communication was received from the Special Committee, refusing to recognize the right of the House to ask for papers, as they contended they were acting under the authority of the Senate solely.

This created a long debate.

Question by Mr. Sinclair. Is or is not your predecessor, the late President of the Western division of the Western N. C. R. R. short in bonds or money, if so, state how much.

Mr. Durham contended that the House had postponed the investigation of these Railroad matters for the purpose of investigating bribery and corruptions among members.

Mr. Sinclair contended that he had a right to ask the question.

Mr. Malone thought business would be expedited if one thing at a time was taken up. He moved that the investigation of Railroad matters be postponed, and the examination be confined to matters pertaining to bribery and corruption among members.

Mr. Sinclair opposed such postponement.

Mr. Downing said he understood that it was the wish of the witness that matters appertaining to Railroads and bonds, should be postponed until the 10th inst.

The Witness being called on, stated that his Railroad matters were demanding his immediate attention, therefore, in order to save time, he wished this committee to rise and have a sub-committee appointed, consisting of no matter who, to investigate all these matters; he would stay with such committee day and night and give them all the testimony he could, &c.

Mr. Ingram favored the motion of Mr. Malone to postpone. He thought Gen. Littlefield should as a witness, give to the House a direct answer in regard to this John or James Smith note, &c., &c.

Harris of Wake, col., opposed the motion to postpone the investigation of Railroad matters.

Mr. Malone's motion to postpone was adopted.

Mr. Moore of Chowan offered a resolution that the Committee of Managers, (Seymour, Welch, Sinclair, Gatling and Candler) be authorized to conduct the examination of all witnesses &c.

The resolution was adopted.

Mr. Seymour, chairman of the Committee of Managers, submitted the following questions:

Were you sued in Wake county Superior Court at Fall Term of 1869, for a debt of $3,000?

Answer—When I returned to this city last Fall, I was informed by my Attorney that there were some suits against me, I believe one was for that amount, but I cannot now tell whether I was served with the process or not.

Question—Have you ever given or offered any member of this General Assembly any money or other valuable consideration with the purpose of influencing his vote as a member?

The witness, in substance, answered, "I have never."

Question—Have you ever employed any person to influence, by any pecuniary or other valuable consideration, the vote of any member of this General Assembly?

Answer—I have not.

Question—Do you, of your own knowledge, know of any person giving to or offering to any member of the General Assembly money or other valuable consideration for his vote?

Answer—Of my own knowledge, I do not.

Question—Have you personally or by any agent, loaned any money to, or purchased any property of any member of the General Assembly, for the purpose of influencing his vote as a member?

Answer—I have loaned members money frequently here and elsewhere, where I met them; have purchased property of some but never for the purpose of influencing his vote as a member.

Question by Mr. Durham. To what member or members of this General Assembly have you loaned money and what amount?

The Witness here protested against questions referring to his private business, and asked a decision of the Chair as to its admissibility.

The Chair ruled that the question was admissible.

Answer to Mr. Durham's question—I cannot recollect with sufficient definiteness without referring to my books and papers to refresh my memory.

Question by Mr. Durham—Where are these books and papers?

Answer—In my safe at Washington City.

Question by Mr. Durham—Can you not recollect the name or names of any member or members of this Legislature to whom you loaned money?

Answer—I remember of having loaned $20, to Senator Robbins, of Rowan.

Question by the same—Do you not remember loaning money to any other member of this General Assembly?

Answer. In looking over some of my papers I found a note of Mr. Harris of Franklin $75 for I loaned to him in Washington City.

Question by Mr. Welch. Was the money you loaned to Senator Robbins, loaned to secure his vote in any matter of legislation.

Answer. No Sir.

Question by Mr. Harris of Franklin. When I borrowed money of you at Washington, was anything said or understood about my votes as a member of this Legislature; was it not purely a private matter?

Answer. The money was loaned for no such consideration and nothing was said about votes; it was purely a private transaction.

Question by Mr. Foster. Have you, or have you not issued free Railroad passes to members of this General Assembly for the purpose of influencing his or their votes.

Pending an answer to Mr. Foster's question, Mr. French said he would raise the point that questions referring to the private business of witnesses after they had sworn they knew of no bribery or corruption among members of this General Assembly.

In order to have this question solved, he moved that the Committee rise and report progress.

The motion to rise was put to a vote and carried.

Mr. Pou (Chairman) reported progress and asked leave to sit again.

Mr. Durham moved the report be not adopted. Lost.

Mr. Durham moved that the House resolve itself into the Committee of the While, and on his motion called the previous question.

The call for the previous question was rejected by a vote of yeas 42 nays 49.

The question recurring upon the motion to go into the Committee of the Whole, it was put to a vote and lost by the following ballot:

YEAS.—Messrs. Argo, Armstrong, Barnes, Boddie, Clayton, Davis, Durham, Farrow, Ferebee, Gatling, Gibson, Green, Grier, Harris, of Franklin, Hawkins, Hicks, Hinnant, Hodnett, Humphries, Ingram, Jarvis, Kelly, of Davie, Leary, Long, of Chatham, Malone, Matheson, McCanless, McMillan, Mendenhall, Nicholson, Painter, Proffit, Robinson, Shaver, Smith, of Alleghany, Smith, of Wayne, Strudwick, Sweat, Thompson, Williams, of Sampson.

NAYS.—Messrs. Ames, Ashworth, Banner, Candler, Carson, Carey, Cawthorn, Cherry, Crawford, Downing, Eagles, Forkner, Foster, Franklin, French, Gahagan, Graham, Gunter, Harris, of Franklin, Harris, of Wake, Hayes, Hendricks, Hodgin, Hudgings, Justus, of Henderson, Kelly, of Moore, Kinney, Laflin, Long, of Richmond, Mayo, Moore, of Chowan, Morrill, Morris, Pearson, Price, Proctor, Ragland, Renfrow, Robbins, Reynolds, Seymour, Sinclair, Simonds, Smith, of Martin, Snipes, Stanton, Stevens, Stilley, Sykes, Waldrop, Wilkie, Wilson.

Isham Sweat, col., moved to adjourn.—Lost.

Mr. Pou spoke for some time in opposition to the adoption of the resolution.

Mr. Malone said the effect of this resolution was to allow the witness to interpret the law. It was a familiar principle of law that the witness cannot draw conclusions of law. He must state *facts*, from which the Court or Committee can draw the *conclusion*. Mr. Littlefield may say that he did not bribe any member of the House—but he should state facts, and the *Committee—the Court* and the *people* might draw a different conclusion, from the facts. Suppose A charges B with fraud in the exchange of horses, could C be allowed to say B did not *commit fraud?* No he should *state facts*, from which the Court can infer fraud. This is ridiculous. He wished the whole people of the State could be in one grand amphitheatre to witness the alarming spectacle of to-day. Do gentlemen think that the honest people of the State will sustain their course? Do they think that party zeal will lead them to endorse this conduct? No, he had too much confidence in the judgment, character and honesty of the people.

Mr. Strudwick moved to amend Mr. French's resolution by adding the following proviso:

Provided that the provisions of this resolution shall not apply to any transaction in which any member of this General Assembly is concerned.

In support of his amendment, Mr. Strudwick spoke to some length. He contended that if Mr. French's resolution should be adopted without his (Strudwick's) proviso, that the Committee of the Whole would be utterly powerless.

After some further debate, the House on motion of Mr. Downing, adjourned.

NOTE.—When the ballot was taken upon Mr. Durham's motion to go into the Committee of the Whole, Mr. Malone said in explanation of his vote.

The Committee was proceeding to compel the witness to give the names of members to whom he had loaned money; and when the witness had stated two instances of honest transactions not covered by the question, they propose now to prevent the witness from farther proceeding. We were about compelling him to disclose those acts in which bribery is charged, now they intend to produce a *hiatus* in the proof to draw off attention. If this House refuses to go into Committee at this time, it will be the duty of every member here, to charge upon these men throughout the State a deliberate purpose to kill off investigation; at least this is the effect of the movement.—The people of the State are looking on.—Let them scowl upon this detestable conduct.

[Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court.]

A PROCLAMATION,

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, March 7, 1870.

By virtue of authority vested in me by the Constitution of the State, and by virtue of an act passed at the present session of the General Assembly, entitled "An act to secure the better protection of life and property," ratified the 29th day of January, 1870, and for the reason that the civil authorities of the county of Alamance are not able to protect the citizens of said county in the enjoyment of life and property, I hereby proclaim and declare that the county of Alamance is in a state of insurrection.

On the 26th of November 1869, a citizen of the United States, who was engaged in teaching a school in said county, was taken from his house by a band of men armed and disguised, and by them, cruelly beaten and scourged.

On the night of the 26th of February, 1870, a citizen of said county was taken from his house by a band of men, armed and disguised, and was, by them, hanged by the neck until he was dead on the Public Square in the town of Graham, near the Court House And more recently the Postmaster at Company Shops, in said county, an officer of the Government of the United states, was compelled to flee the county for protection, and while absent, a band of men armed and disguised visited his house with the purpose, doubtless, of taking his life; and this within a short distance of Federal troops stationed in said county, not to overawe or intimidate good citizens, but to preserve the peace and to protect the innocent and the law-abiding. In addition to these facts, information has been received at this department that peaceable and law-abiding citizens of the county aforesaid have been molested in their houses, have been whipped, shot, scourged, and threatened with further visitations of violence and outrage unless they would conform to some arbitrary standard of conduct set up by these disguised assassins and murderers.

I have issued proclamation after proclamation to the people of the State, warning offenders and wicked or misguided violators of the law to cease their evil deeds, and, by leading better lives, propitiate those whose duty it is to enforce the law. I have invoked public opinion to aid me in repressing these outrages and in preserving peace and order. I have waited to see if the people of Alamance would assemble in public meeting and express their condemnation of such conduct by a portion of the citizens of the county, but I have waited in vain. No meeting of the kind has been held. No expression of disapproval even, of such conduct by the great body of the citizens has yet reached this department; but on the contrary, it is believed that the lives of citizens who have reported these crimes to the Executive have been thereby endangered, and it is further believed that many of the citizens of the county are so terrified that they dare not complain, or attempt the arrest of criminals in their midst. The civil officers of the county are silent and powerless.

The laws must be maintained. These laws are over all. Every citizen, of whatsoever party or color, must be absolutely free to express his political opinions, and must be safe in his own house. These outrages and these violations of law must and SHALL cease. Criminals must and SHALL be brought to justice. The whole power of both governments, State and Federal, is pledged to this, and this power will be exerted. Criminals who may escape to counties adjoining Alamance will be pursued, and if not delivered up by the civil authorities of said counties, or if sheltered or protected in said counties, with the knowledge of the civil authorities, the said counties will also be declared to be in a state of insurrection.

I earnestly appeal to all good citizens to aid the civil authorities in maintaining peace and good order, and to support me in my purpose to protect life and property without regard to party or color.

Done at the city of Raleigh this 7th day of March, 1870, and in the 94th year of our Independence.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, MARCH 9, 1870.

Jno. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—Read them on the third page this morning. There are several, and you may learn something profitable by reading them carefully.

The Tableaux Last Night.—Tucker Hall was a scene of joyousness and innocent gayety last night, on the occasion of the exhibition of scenes from history and every day life, classic, poetic and comic, presented in a series of tableaux in most excellent taste and truthfulness to life; the whole interspersed with excellent music and made completely fascinating by the happy smiles of many of Raleigh's fair daughters who were not at the Woman's Rights harangue at the Capitol the evening before.

We learn that the proceeds of the entertainment were gratifying to those who entered into it for the good purpose of raising funds to put some necessary repairs on the Baptist Church, and that all who attended were delighted with the evening's enjoyment.

To-morrow night the Tableaux, Concert Charades &c., by the Ladies of the Methodist congregation, will come off at Tucker Hall, having been postponed from last Friday night. The entertainment will continue two evenings.

Miss McCulloch and Brignoli Italian Opera.—This company will appear at Tucker Hall, for one night only, on the 30th of this month.

Among the distinguished artists of this troupe, are Miss Isabella McCulloch, the celebrated prima donna, and Signor P. Brignoli the popular tenor, who so delighted the music loving portion of our community on a former occasion, together with other celebrated singers composing the troupe.

In due time the section for the evening, with other particulars, will be announced.

One by One.—Smith, the Radical carpet-bag effist of police of Goldsborough, was incontinently kicked out of his position, by the Board of Town Commissioners, last week, for general incompetency and a strong suspicion of his personal honesty.

Thus they go; one by one; one by one. Carpet-baggers, like water, will necessarily find their level when the agitation ceases; some are clever, modest and honest, and will be respected; some low and groveling, and will be kicked by the negroes out of the country; some genuine rogues who will eventually end their career in the Penitentiary. One by one, they will go; one by one.

We regret to learn, says the Asheville *Citizen*, that the residence of Wm. D. Patton, on Swannanoa five miles from Asheville, was destroyed by fire on the morning of the 21 instant. The conflagration was very disastrous.

Fire in the Woods.—The Newbern *Journal of Commerce* says that for several days past the woods in the vicinity of that city have been on fire, and at night portions of the horizon are brightly illuminated. These fires are probably caused by design, the planters now being engaged in clearing lands for spring planting.

Going It.—The Local of the Salisbury *Examiner* gives account of a cock-fight, a man fight and a dog fight, all in one day, in that delectable city at the forks of the Road, and still the said Local finds fault with the times, as being barren in events to help him in his vocation!

Organizing.—"Many Conservatives," in a card in the Asheville Citizen, call for a County Convention of anti-Radicals, to meet in Asheville on the 19th inst. This we think a move in the right direction.—Let all our counties perfect their organizations against the wild, reckless and ruinous policy of the present administration, the friends of which will move heaven and earth, *and* Shoffner's military, to gain a new lease of the spoils next August.

A carpet bagger and a scallawag were discussing the best method to gain the colored vote for their party. "Why"—said the scally—"I never pass a nigger without taking off my hat." "Ah!"—replied the other—"all that is very well; but I go round to the meetings and buss the colored sisters."

New Orleans, Feb. 19.—In the Legislature, a joint resolution appropriating $5,000 for the burial of the Confederate dead, in response to a memorial of the Ladies Benevolent Association of Fredericksburg, Va., was passed.

The Combination of Ingredients used in making "*Brown's Bronchial Troches*" is such as to give the best possible effect with safety. The Troches are used always with good success and are widely known as the best remedy for Coughs, Colds, Throat Diseases and Asthmatic troubles.

A Wrong Impression Corrected.

Many persons believe that there is no value in anything that does not come from "the North." How humiliating! However, this impression is being gradually corrected. It is now admitted that no Medicinal Agent has ever been discovered, North or South, that possesses, in so eminent a degree, the power of eradicating from the system all foul distemper, as DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT. The secret is, *it adds nature to do this through its own channels*. It is composed of vegetable substances alone, every one of which grows on Southern soil. It is the BLOOD PURIFIER OF THE AGE.

THE CHARLOTTE DEMOCRAT.

We can make some little allowance for the fretfulness and snarlings of Dr. Yates, editor of the Western *Democrat*, as we are informed that he suffers a good deal from a certain disease that afflicted the Philistines during the time they detained the ark from the Israelites. But there are some things in regard to which we are not disposed to be quite so charitable; for instance, in his last issue, he repeats for the fourth or fifth time, that we are "mad" with him, because he refused to "compliment" what he terms our "radical" speeches. This, Doctor, is a knowingly and wilfully perpetrated falsehood. We did not care for your compliments; but when you undertook to criticise our speeches unfavorably, for the purpose apparently, of injuring us with our friends, and with the party that we have endeavored to aid in terreting out the frauds, swindles and corruptions that have cursed us as a people, and which you were disposed, or appeared to be disposed, to deal very mildly and leniently and moderately with, then we resented it as we had a right to do.

Now, Doctor, when you "take your pen in hand" again to write that oft repeated falsehood, that we are "mad with you," because you "did not compliment our radical speeches," remember that your files are at hand and that your assertions can be disproved by your own paper.

Besides this, there are several plain, palpable self contradictions in your columns recently, that we intend to ventillate at the proper time.

Furthermore, if it will be any gratification to the Doctor, we will mention the fact that our subscription list has been greatly increased in that scope of territory in which the *Democrat* may be supposed to circulate—that is, in Mecklenburg and adjoining counties—since we made our speeches there and the Doctor saw fit to make an attack on them.

In conclusion, if the Doctor is disposed to live in peace, and exert what influence he may have in driving rogues and rascals from place and power in the State, we will send him a box of "Congleton's Salve," which is said to be a specific for his complaint, and then, "Let us have peace."

EXIT DEWEESE.

We have heretofore noticed the virtuous expulsion of the carpet-bag M. C. of this District from the U. S. House of Representatives. The following which we clip from an exchange, gives some information on the subject not generally known to that gentleman's temporary constituents:

THE SALE OF CADETSHIPS—CASE OF MR. DEWEESE.

Mr. Logan, (rep) of Ill., Chairman of the Committee on Military Affairs, made a report in the case of John T. Deweese, submitting the testimony taken in the case and the statement made by Mr. Deweese before the Committees. Mr. Deweese having resigned, the Committee reported the following resolution, the report being signed by all the members of the Committee:—

"*Resolved*, That John T. Deweese, late a Representative in Congress from the Third Congressional district of North Carolina, did make an appointment to the United States Naval Academy in violation of law, and that such appointment was influenced by pecuniary considerations, and that his conduct in the premises has been to show him as unworthy a seat in the House of Representatives, and is therefore condemned as conduct unworthy of a representative of the people."

The testimony was read from the Clerk's desk. That of Mrs. M. H. Bean, proprietress of the United States Hotel in Washington, was to the effect that she had paid $500 to Mr. Deweese for the nomination of her son to the Naval Academy, and that the amount had been refunded by Mr. Deweese within the last few days. That of her son was to the same effect. The statement of Mr. Deweese was that the time he received the money he did not know there was a particle of wrong in it; that the Secretary of War and the Secretary of the Navy were both cognizant of what he was doing. As soon as he had realized that he had done wrong he had returned the money and had sent his resignation to the Governor of his State. He had not acted from mercenary motives, for he had expended twelve thousand dollars in his State in the late Presidential election.

The reading having been concluded, Mr. Logan called for a vote on the resolution, remarking that the Committee would have reported a resolution of expulsion had it not been for the decision of the House the other day in the Whittemore case, that a member who had resigned could not be expelled. The resolution was then adopted unanimously on a vote by yeas and nays.

Exit Deweese. One by one—one by one!

Shaking and Burning.

It is not necessary to journey from the tropics to Alaska in order to experience the extremes of heat and cold. Thousands undergo all the inconveniences of this thermometrical change every day, or every other day, as the case may be, without the trouble of moving over the threshold. A word with these involuntary shakers. What are they doing to expedite their return to a medium temperature?—to break the chills and banish the fever? Are they dosing themselves with quinine, thereby imperilling the soundness of their bones and impairing the vigor of their brains and nervous system? Some of them are, no doubt, but not the majority of them, it is believed. The value of Hostetters Stomach Bitters as a harmless and certain specific for fever and ague is understood and appreciated in all parts of the country where intermittents prevail. The residents of such localities begin to take it early in the spring as a protection against the miasma by which they are surrounded; not all of them, perhaps, for a blind adherence to error is the speciality of some people, but the greater number.

If there is any fixed fact in therapeutics, it is this: that the Bitters are a far better safeguard against all the varieties of periodic maladies produced by unwholesome exhalations than any drug or compound in the materia medica of the profession. This assertion is made with all due respect to the faculty, but being an important truth, and one that nearly concerns the health of large settlements in various parts of the country, and indeed of the public at large, it is made fearlessly. Founded on ample and unimpeachable testimony, it defies disproval.

To break up chills and fevers, as well as to prevent them, there is nothing so reliable as this wholesome vegetable restorative.

Walled in with Paper!—Why are the hair coloring preparations kept dark? Simply because the light decomposes them and exposes their foul sediment. Hence the bottles are jacketed with paste and paper. Phalon's Vitalia, or Salvation for the Hair on the other hand is as clear and transparent in the sunshine as in the shade. It revives the natural color in every time-bleached fiber, and does not stain the skin. Sold by all druggists and fancy goods dealers.

OBITUARY.

"How blest the righteous when he dies," and how fully we realized this precious truth in witnessing the dying and death of our beloved minister, Rev. W. C. Dewey, Pastor of the Presbyterian Church in Morganton, N. C., who fell asleep in Jesus on the evening of the 19th ult.

The afflicted family, bereaved of husband and father, must mourn as loss, the flock too will miss the Shepherds tender care, for, for nineteen years he has been our spiritual guide and has labored faithfully in our midst, but while we mourn that his coming in and going out is at an end, we feel

"To lie still in the sight of God, to lie upon His breast,
Where the wicked cease from troubling and the weary are at rest," is far better.

For every mortal wound there is some heavenly balm. For a number of years Mr. Dewey has been a martyr to suffering, and none save those who were intimately acquainted with him could appreciate the exceeding difficulty under which he labored in performing his pastoral and ministerial duties; we therefore, feel the balm in this wound is our Pastors great, eternal gain.

The king of Terrors approached, but had no terror for him, the angel of Death, fanned the wings, but he was "sustained and soothed, by an unfaltering truth," the Dark River flowed before him, but unhesitatingly he placed his feet on the bridge that spans it, the gates of earth were closed, but the pearly gate of Heaven was opened and so

"Take one that draws the drapery of his couch"
About him, and lies down to pleasant dreams"
he entered.

PRATT'S

"ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, *is perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate *worth twice the amount invested*, paying ten per cent. per annum.

All its Policies are non-forfeitable and participate in profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES R. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	16,41

It has an IMPORTANT NEW FEATURE that has been copyrighted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
